

How much is drug use costing your business?

More than you can imagine.

Forty-four percent of illicit drug users work for small companies.

When it comes to illicit drug use in the workplace, small businesses carry the heaviest of the load. Small companies often do not have the resources or systems in place to reduce their threat.

DrugFree Idaho has assistance programs specifically targeted to the small business owner.

Through DrugFree Idaho, your small business may be eligible for the following:

- No Annual Association or Account Set-Up Fees
- No Cost Supervisor Training
- No Cost Employee Education
- Reduced Cost Drug Testing
- Reduced Cost Employee Assistance Program (EAP)
- No Cost Written Drug-Free Workplace Policy Development

INCREASE YOUR BOTTOM LINE! SBA DRUG-FREE WORKPLACE PROGRAM

Through SBA funding, DrugFree Idaho staff can implement a comprehensive drug-free workplace program that:

- Stresses your business values
- Offers services at little cost to you
- Leverages the safeguards and procedures that larger businesses enjoy

DrugFree Idaho received a two year grant from the Small Business Administration, Paul D. Coverdell Drugfree Workplace Program, to provide financial and technical assistance to small businesses seeking to establish drug-free workplace programs.
